

The True Spirit of Christmas

To believe in making wishes and have faith they can come true

To believe that you can find some joy in everything you do

To believe in giving gladly for no reason, just because

To believe in love... that's what it means to believe in Santa Claus.

Sisters and Brothers

Brother Hal, Sister Mary Lynn and I, along with the entire Grand Family, wish you and those dear to you a very Merry Christmas and a happy, healthy, and prosperous 2018.

Please take the time to extend kindness and respect to everyone you interact with this holiday season and may you also be the recipient of this from others.

Believe in the magic of the season. Believe.

Deb Buxton
